

2017 Medicare Costs

Medicare Part A (Hospital Insurance) Costs

Part A Monthly Premium

Most people don't pay a Part A premium because they paid Medicare taxes while working. If you don't get premium-free Part A, you pay up to \$413 each month.

Hospital Stay

In 2017, you pay

- \$1,316 deductible per benefit period
- \$0 for the first 60 days of each benefit period
- \$329 per day for days 61–90 of each benefit period
- \$658 per “lifetime reserve day” after day 90 of each benefit period (up to a maximum of 60 days over your lifetime)

Skilled Nursing Facility Stay

In 2017, you pay

- \$0 for the first 20 days of each benefit period
- \$164.50 per day for days 21–100 of each benefit period
- All costs for each day after day 100 of the benefit period

Medicare Part B (Medical Insurance) Costs

Part B Monthly Premium

The standard Part B premium amount in 2017 is \$134 (or higher depending on your income). However, most people who get Social Security benefits pay less than this amount. This is because the Part B premium increased more than the cost-of-living increase for 2017 Social Security benefits. If you pay your Part B premium through your monthly Social Security benefit, you pay less (\$109 on average). Social Security will tell you the exact amount of your Part B premium. You pay the standard premium amount if:

- You enroll in Part B for the first time in 2017.
- You don't get Social Security benefits.
- You're directly billed for your Part B premiums.
- You have Medicare and Medicaid, and Medicaid pays your premiums. (Your state will pay the standard premium amount of \$134.)
- Your modified adjusted gross income as reported on your IRS tax return from 2 years ago is above a certain amount.

If you're in 1 of these 5 groups, here's what you'll pay:
